Review of Minutes	Minutes were approved by those in attendance.	
Discussion of Safe Sleeping Campaign	<p>The discussion regarding the safe sleeping campaign involved follow up to the campaign. It would be ideal to do a structured interview via telephone with the targeted zip codes. The goal of this interview would be to highlight any positives that were derived from individuals who noticed the campaign.</p> <p>Possible questions would be: Do you utilize DART? Did you see the ads? Do you have infants? As a result, have you changed your practice in regards to sleep positioning for your infant?</p>	Anne will contact the DHMIC epidemiologist to verify how long should a follow up interview be done? And would a U of D graduate student be available?
Budget Initiative	Anne discussed her 10,000 increase to the budget for an on-going safe sleeping media campaign. This request did not make the priority list for FY09. Anne shared that DHMIC is interested in partnering with CDNDSC for distribution of posters.
